Kenmore Bridge Club - Bill Szumidlo

"The Kenmore Bridge Club has selected TBIB for its property insurance. The insurance premium was competitively priced and we found TBIB easy to deal with. In particular, when establishing the policy, the way our queries were answered."

Bill Szumidlo

Northern Suburbs Bridge Club – 15/12/2014

At Northern Suburbs Bridge Club (NSBC) we endeavour to keep our cost under control. In December 2011 the Club's previous Insurance Broker recommended that we continue with the existing insurance. The quoted premium was \$3928 for renewal of building and contents cover. We had some doubt that the Broker was acting in our best interest. We were aware that Tony Bemrose Insurance Brokers (TBIB) had entered into a sponsorship arrangement with ABF and we requested TBIB to consider the Club's insurance needs. They recommended a policy with a premium of \$2958 (a saving of \$970). Our premiums in subsequent years have been, 2012 - \$2660, 2013 - \$2645 (In this year we increased the cover on our building by \$200,000) and 2014 - \$2146. TBIB has saved the Club thousands of dollars in the past 4 years and Steve Weil and Chris Roscow of TBIB have provided prompt service and professional advice. I am pleased to recommend that you ask TBIB to quote for your insurance needs.

Qld Contract Bridge Club – 15/12/2014

QCBC switched their building and contents insurance to a TBIB product in 2012 and immediately reaped a 28% saving on their premium for the same level of coverage. Since then the premium has decreased a further 3% while the industry trend has been for premium increases. The TBIB product meets all our requirements and they have been very responsive when responding to enquiries and claims.

Toowoomba Bridge Club 8<sup>th</sup> December, 2014

**I would be more than happy to give a testimonial to TBIB as they have saved the club a lot of money in insurance, in the first year they virtually halved our premium for our Business Insurance being for the Building, etc. They always give us about three quotes every year and usually recommend the lowest quote that suits our needs and is comparable to our previous insurance.**

**They actually take the leg work out of looking and comparing insurance for the club with the added bonus that they know their business better than we do. They also explain the claims procedure as well.**
